Account Details

Let us manage your stock portfolio
David Sharek manages brokerage accounts and IRAs of $100,000 or more on a fee-basis. Returns shown here are after fees.

Portfolio Style
Separately managed accounts. Long only. Small, medium and large cap growth stocks.

You own the stocks
David manages each account individually — this isn't a mutual fund — you own the stocks. Your account is in your name and is not commingled with other clients.

Watch your account
Clients can log online and view their accounts at anytime.

Stock Criteria
Estimated Long Term Growth Rate of 15% or greater.

Stock Research
Clients receive access to all our stock research at the *School of Hard* Stocks website.

Liquidity
Clients own stocks in their name, and can either transfer the account out or we can sell the shares and have funds available within a week's notice.

Security
Shareks, LLC is registered with the State of New York as an investment advisor (RIA). Accounts are kept safe at brokers such as TD Ameritrade and Interactive Brokers and are insured by SIPC.

Minimum Account Size
$50,000

Number of Stocks
15 to 25

Annual Management Fee
$100,000 to $250,000: 3%
$250,000 to $500,000: 2.5%
$500,000 and greater: 2%

Incentive Fee
None

Custodians

Interactive Brokers

TD Ameritrade

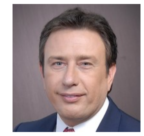
About David Sharek



David Sharek is stock portfolio manager for Shareks Stock Portfolios and founder of The School of Hard Stocks.

Since 2003, Sharek's Growth Stock Portfolio has averaged a 12% return to its investors (after fees) vs. 8% in the S&P 500.

Sharek's Growth Portfolio delivered four years of +40% returns to his investors in his 16 year career.

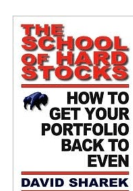
David has written more than 2500 stock research reports, and has published a book titled the School of Hard Stocks, which is available on Amazon.com.

Utilizing the research posted here, David manages three stock portfolios for his investors:

- Growth Stock Portfolio
- Aggressive Growth Portfolio
- Conservative Stock Portfolio

Stock Education

During 2003-2006 David wrote the portfolio management blueprint, *The School of Hard Stocks*, and executed the plan. During those four years he used this strategy to compile a compounded return of 100.57%.



Sharek used *The School of Hard Stocks* in 2007 to grow stock portfolios 42% and beat the market (S&P 500) by 39%.
